REGISTRATION REMINDER:

Most of our cities sell out well before the registration deadline. In an effort to ensure the best event for studios attending, fairly give more studios a chance to attend, and help plan our events more efficiently, we have implemented a \$5 deposit per routine. As always, there is no maximum number of routines a studio may bring. This deposit is non-refundable and non-transferable. Studios should come within 10 routine numbers of the requested amount during final registration in order to avoid an excess request of routines. Should a studio not come within 10 routines of the initial requested amount, a \$20 charge per routine over that 10 will be assessed. PrimeTime will provide a 10 routine buffer for all studios before assessing this fee. If a routine is removed before the 30-day deadline, the deposit can be applied to the remaining balance for that event only. We hope this policy will help ensure that we prevent last-minute cancellations which harm the quality and timing of the show as well as provide opportunities to the most number of dancers and studios at each event.

A. ADMINISTRATIVE INFORMATION

I. AGE DIVISIONS:

SOLOS: Mini - 5 and Under; Petite - 6-7 Years; Pre Junior - 8-9 Years; Junior - 10-11 Years; Pre Teen - 12 Years; Teen 13-14 Years; Pre Senior - 15-16 Years; Senior - 17-19; and Adult - 20 + Years.

DUET/TRIO AND GROUPS+: Mini - 5 and Under; Petite - 6-8 Years; Junior - 9-11 Years; Teen - 12-14 Years; Senior - 15-19 Years; and Adult - 20 + Years.

II. TYPES OF ENTRIES: Solo (1 performer); Duet/Trio (2-3 performers); Small Group (4-9 performers); Large Group (10-19 performers); Line (20+ performers); and Production (25+ performers).

III. LEVELS OF COMPETITION:

Breakthrough Level (Beginner/Intermediate - under 6 hours per week)

Breakthrough dancers are permitted to perform up to 2 solos. This applies only to solos and does not impact their eligibility for duet/trios or group routines. A dancer at this level is typically comfortable smiling on stage but may still be developing expressive range. Technically, they demonstrate foundational skills with some inconsistencies—such as incomplete tendu, limited strength for height in jumps, and a focus on isolated movement rather than full-body connectivity. Turns are often simple, with underdeveloped spotting technique, and arm movements (Port de bras) tend to follow basic patterns within choreography.

Cutting Edge Level (Intermediate - under 10 hours per week)

Cutting Edge dancers are permitted to perform up to 2 solos. This applies only to solos and does not limit participation in duet/trios or group routines. Dancers at this level are beginning to show greater confidence on stage, with more varied facial expressions, though consistency may still be developing. Their Port de bras reflects foundational ballet technique, but execution may vary throughout the routine. Transitions between movements are more fluid than in the Sapphire level, and they demonstrate a clear technical base in turns and jumps. There is less emphasis on acrobatic tricks, with more focus on dance quality, multiple-turn combinations, and full use of stage space within choreography.

Xtreme Level (Advanced - over 10 hours per week)

Xtreme dancers are permitted to perform up to 3 solos. This applies only to solos and does not affect duet/trio or group participation. Dancers at this level display clear confidence on stage and a refined sense of performance quality. Their Port de bras is expressive and grounded in strong ballet technique, showing an understanding of arm connection through the upper back and core. They demonstrate the ability to dance through the entire body, integrating transitions smoothly and executing both complex and simple combinations with equal control and intention. Technical execution is advanced—particularly in turns, jumps, and footwork—and movement remains fluid and cohesive throughout the performance.

These hours and descriptions are a suggested guideline. Dancers should be placed based on their personal skill level. Dancers must compete at the same or higher level, should they return to another season. Please note that the judges will have the ability to move any routine up or down a level if they are in agreement that the routine is not placed in the correct level.

IV. TIME LIMITS (up to and not above, in minutes and seconds):

SOLOS & DUET/TRIOS	2m	45s
SMALL GROUPS	3m	00s
LARGE GROUPS	4m	00s
LINE	6m	00s
PRODUCTION	8m	00s

Additional time may be purchased for \$5 per performer for an additional 30 seconds of time, up to 3 minutes.

V. CATEGORIES OF COMPETITION:

Acro/Gymnastics, Adult, Ballet, Biz Kids, Clogging, Contemporary, Folkloric, Hip Hop, Improv, Jazz, Lyrical, Modern, Musical Theater, Open, Pointe, Pom Pom, Song and Dance, and Tap. The Adult Category is for any solo, duet/trio or group that has a performer 20 years or older. Adult and Biz Kids performers will receive their appropriate placement award along with the judges' critiques. Adult and Biz Kids categories are not eligible for Top 10 placement. A performance featuring more than two tricks, where the hands disengage from the floor, is appropriately categorized within the Acro/Gymnastics or Open categories.

VI. CATEGORY AGE BREAKDOWN:

4 years and under, 5 years, 6 years, 7 years, 8 years, 9 years, 10 years, 11 years, 12 years, 13 years, 14 years, 15 years, 16 years, 17 years, 18 years, 19 years, 20+ years (for all categories of competition).

The average age will determine the age of the group. Example: Average 9.0 to 9.9 = 9 years.

ALL AGE DIVISIONS ARE DETERMINED AS OF JANUARY 1, EACH YEAR. Performers must be responsible for proof of age at the competition (if required). Any routine with a dancer 20 years of age or older will automatically be placed in the Adult category, in the Diamond level, and will not be eligible for Top 10 placement or specialty awards.

VII. LEVEL DETERMINATION:

In order to keep levels fair for each studio attending, PrimeTime utilizes a point ratio system for determining the specific level of a routine.

At registration, you will select a level for each dancer that will carry through with them in each of their routines. The level in which they are placed will follow them into every routine they compete. **Please note that the judges will have the ability to move any routine up or down a level if all three are in agreement that the routine is not placed in the correct level.**

Breakthrough dancers are 1 point each; Cutting Edge dancers are 2 points each; and Xtreme dancers are 3 points each. There are no separate group level placements.

For example, if a routine has 5 Cutting Edge dancers and 3 Xtreme dancers, the following equation would apply to determine the level. 5 Cutting Edge Dancers x 2 points = 10 points. 3 Xtreme Dancers x 3 points = 9 points. 10 is greater than 9 so the routine would be a Cutting Edge level routine.

Please note that in the event of a tie between the number of points, the routines are placed in the higher level of competition.

Placement of levels for individual dancers is completely at the discretion of the studio director. A performer may only be placed in one level and will stay in that level through the competition season. We at PrimeTime understand that you as a director know your dancer's abilities best and trust that you will practice with good faith in the spirit of healthy competition. As always, we are confident that you will use your best judgment in placing your dancers in the correct levels.

VIII. BUMP RULE:

The average age of each entry will not drop more than one age division below the age of the oldest dancer in the routine, regardless of the average age. For example, if an act averages out in the junior age division, but contains a senior age dancer in the routine, the entry will compete in the teen age division.

IX. SCHEDULE OF EVENTS:

An estimated time schedule of all your respective routines will be emailed approximately 10 days prior to the competition date for final review. You will have 48 hours to review and request changes and additions. The final competition schedule will come out 7 days prior to the event after any changes and additions have been made. Schedules may vary from location to location depending on the number of acts that are registered. Any act going out of the prearranged scheduled order (other than approved costume delays) will perform for judges' scores and comments only. Entries will be accepted on a first-come, first-serve basis. For venue and hotel accommodations, please check the PrimeTime website for information.

A confirmation will be returned to you for your approval. It is your responsibility to ensure everything is correct. **No routine will be permitted to level down after the final schedule is released.** Any changes after the final show schedule is e-mailed to your studio will incur a \$20 per change fee and all changes are at the discretion of the show director.

X. CHECK IN ON TIME:

All dancers should be in the building at least 2 hours before their scheduled time. If a routine is late for CHECK IN and found rehearsing or purposely holding, they will be docked 3 points in the Showmanship Category. For dancers who are scheduled to perform within the first 2 hours of the competition, they should be present when the doors open. **Please do not arrive before doors open.**

XI. ADJUDICATION:

A qualified panel of diverse judges will be selected to adjudicate each regional competition. The scores and comments solely reflect the opinions of the judges and not necessarily the opinions of the PrimeTime Dance Directors and Staff. Judges will score on Technique (20-45), Execution (20-40) and Showmanship (5-15) for each act. With this scoring system, there may be multiple duplicate awards presented within each age group for each category.

Each level will have the following awards available: ELITE (*Xtreme level only), PLATINUM, HIGH GOLD, and GOLD Placement for the Xtreme, Cutting Edge, and Breakthrough levels. Each Level will be awarded its placement based on the following scoring ranges: Elite (294-300), Platinum (285-293.9), High Gold (270-284.9) and Gold (255-269.9). The judges' panel will break any and all ties for the Top Ten Finalists. Should a tie occur, the auditor will add the 3 Technique scores together; if still not broken, the 3 scores from Execution will be added to determine the highest score; and if still not broken, the panel of judges will make the final decision. Each routine will receive an individual audio critique. Judges' scores and critiques will be released to the Studio Director ONLY through the studio account.

Top Ten finalists will be announced for the Xtreme, Cutting Edge and Breakthrough Levels for each division of competition as well as awards. For performers who are competing multiple solos, only the highest scoring solo will place in the top ten finalists.

XII. PAYMENT:

Please see the Fee Guide. All entries and payment are due 30 days prior to the competition. Studios with unpaid balances after this deadline will be charged an additional \$15 per entry, per performer. Payments made within 14 days of the event will incur an additional \$20 per entry, per performer and must be submitted via certified funds, credit card, or ACH transfer. Checks will not be accepted at this stage. Registrations not paid at least 7 days before the competition will incur an additional \$25 per entry, per performer and will not be eligible to receive prize winnings. Studios with unpaid balances will not receive a schedule until the account is paid in full. No exceptions.

Please note that a studio will not be allowed to perform until all entries are paid in full. No entry is guaranteed until payment has been received and processed. Entries will be accepted on a first come, first serve basis. Registration on our website does not confirm your space until payment is received.

PrimeTime reserves the right to refuse any entry without explanation. Payment may be made by check, money order, ACH, or credit card. Please note that a 4% processing fee will be added to all credit card payments. To avoid this fee, we recommend paying by check or ACH.

XIII. CREDIT AND REFUNDS:

No refunds will be provided once payment has been received and processed unless we cancel the event and do not reschedule. In addition, if a routine is scheduled on a weekday during regular school hours, the routine will be given the option to withdraw and receive a full refund if this request is done before the final schedule is released. For injury or health related reasons, the routine may scratch and receive credit towards a future event, including our Nationals. Credits expire after one full year, if not used.

XIV. MUSIC CHECK IN:

All music must be uploaded through the registration portal 14 days prior to the event. Back-up resources should always be available on site at the competition on a USB Flash Drive, iPod's, iPads or laptops should an issue arise. All audio resources are the directors' responsibility as no refunds will be provided for music that is not present or does not properly play. Failure or refusal to upload your music will result in a 1 point deduction per routine, in the showmanship category.

All music provided to PrimeTime Dance by a studio or participant ("Entrant"), for use at a PrimeTime Dance event, must be properly licensed for live performance use. It is the Entrant's responsibility to obtain any and all licenses necessary for use of music at a PrimeTime Dance event. Therefore, by virtue of entering this event, it is agreed that participants, guardians, and teachers agree to hold harmless and indemnify Westerfield Management, Inc, Showbiz National Talent, PrimeTime Dance or its officers, directors, officials, staff, or employees from any and all claims associated with the use of Entrant's selected music.

XIV. PERSONAL ITEMS:

PrimeTime Dance, its directors, staff and associates shall in no way assume responsibility for lost possessions or theft of any kind at any venue. Please be safe and keep any personal items of value safe at home.

B. COMPETITION INFORMATION

I. AWARDS PRESENTATION FORMAT:

Studios will have the option to receive their adjudicated score and pick up their awards immediately following the completion of their routine. A studio may designate any representative to pick up the awards, or have the dancers pick them up.

Studios may also waive the immediate results and awards and pick them up at the conclusion of the awards assembly if they wish for the dancers to wait until they have completed all of their routines.

The decision is up to the studio as to how they would like to proceed.

During the awards assembly, all of the acts will be announced with their adjudicated score. However, the awards will move more efficiently as the physical awards will not be handed out following the announcement of the adjudicated score since they will be either picked up following the routine or set aside for pickup by a studio representative following the awards assembly. The only awards that will be handed out at the time of announcements are the specials and top overall placements.

All soloists must be present for the announcement of Title Winners, Costume Award, Photogenic Award, Icon Award and the Top 10 overalls.

II. FAMILY FRIENDLY ACTS:

The companies of Westerfield Management understand the broad range of styles and appropriateness that dancers are exposed to in our country; however, we expect each and every routine to be in good taste for viewing by a “family-friendly” audience. Inappropriate routines are not acceptable and, at minimum, will have points deducted to not being eligible for Top Ten and/or at most be disqualified. For any one judge that marks the “Ethical Standards” box on the score sheet, an automatic 5 points will be deducted. If all three judges mark the “Ethical Standards” box, the routine will be automatically disqualified from the competition. Again, this decision is based on the independent opinion of the respective judges and may not necessarily reflect the opinion of the PrimeTime Directors and Staff.

III. PROPS:

Props must be carried on stage by the performer or your own staff (instructor, parent, coach, etc.). The placement of props, mats, etc. must be completed within 2 minutes of the end of the preceding act unless additional time is purchased. Additional time fees are outlined on our fee guide and must be purchased before a schedule is finalized. The timing of the act will begin after the 2 - minute prep time. Please contact our National Headquarters if you need further clarification of prop guidelines.

NO DANGEROUS PROPS ARE ALLOWED ON STAGE. EXAMPLE: FIRE, METAL SWORDS, METAL KNIVES OR ANY ITEMS HAVING SHARP POINTS OR EDGES. SIMULATED WEAPONS WITH DULL, SAFE EDGES ARE ACCEPTABLE.

IN ADDITION, NO FORM OF PAINT, CHALK, LIQUID, POWDER, SAND, OR GEL MAY BE USED. ANYTHING THAT WOULD AFFECT OR DAMAGE THE DANCING SURFACE WILL BE SUBJECT TO IMMEDIATE DISQUALIFICATION. Performers must be prepared to completely clear the stage of any loose items or litter (feathers, streamers, petals, etc.)

NO LIVE ANIMALS ARE PERMITTED ON THE STAGE.

ANY STUDIO THAT UNREASONABLY DELAYS THE COMPETITION WILL BE SUBJECT TO DISQUALIFICATION OF THE ACT AT THE DISCRETION OF THE SHOW DIRECTOR AND JUDGING PANEL.

IV. PERFORMERS:

No performer is allowed to perform in the front stage area surrounding the Judges and Audit tables, including projecting or jumping on or off the front of the stage (MC, Judges, Video, and Audit Areas) without approval. Any performer who begins offstage must move to the stage during the performance. No lifts, tumbling, tricks, or props are permitted offstage. Nothing that may cause harm or damage to a person or object may be intentionally thrown or shot from the stage.

Any routine involving dancer(s) being off stage at any time requires prior written notice and a description of the routine, including the number of dancers off stage, at least 30 days before the competition for approval. Approval includes a waiver of all rights to claims or actions arising from injuries or incidents related to dancer(s) leaving the stage. The studio assumes full responsibility and liability for any such occurrences, releasing the competition organizers from any liability.

Any changes made to the approved routine may result in disqualification. All approved routines are eligible for high point awards.

V. Soloist

Breakthrough dancers may perform 1 solo, Cutting Edge dancers may perform up to 2 solos, and Xtreme dancers may perform up to 3 solos per event. All solos will be eligible for Awards and Titles; however, only one solo per dancer will be placed in the Top 10, based on their highest scoring routine. Soloists may not compete multiple routines in the same category.

VI. INDEPENDENT ENTRIES

Independent entries are accepted at our competition.

VII. PHOTO/VIDEO:

A professional videographer and photographer will be available at each event. By entering a PrimeTime Dance Competition, you release your likeness, name and performance for video and photographic reproduction for perpetuity.

THE USE OF ANY TYPE OF EQUIPMENT WITH THE ABILITY TO CAPTURE PHOTO OR VIDEO IS STRICTLY PROHIBITED. For the protection and security of those participating

at our events, absolutely NO EQUIPMENT WITH THE ABILITY TO CAPTURE PHOTO OR VIDEO ARE ALLOWED during a performance on stage.

G. CATEGORY DESCRIPTIONS

Acro/Gymnastics:

A style blending dance with acrobatics, emphasizing on flexibility and aerial tricks.

Ballet: A classical form of dance developed through the centuries originating in Italy and formalized France. Ballet emphasizes the outward rotation of the legs/feet, and specified positions of the torso, shoulders, arms, and head. Choreography should be pulled from Classical, Neo-Classical to Contemporary vocabulary with a strong focus on technique and precision in this category. *Pointe- An extension of ballet technique with dance steps executed "sur les pointe" while wearing pointe shoes.

Biz Kids: This is a great non-competitive way to get new competition kids acclimated to the stage! This category is a great way to keep it fun and light hearted for a child or group to receive positive feedback and encouragement without being concerned about placement in the overalls.

Clogging: A folk dance otherwise known as flat-footing, foot-stomping, buck dancing, clog dancing or jiggling. Clogging technique is different from tap technique being that the steps are often focused more on the down beat rather than the up beat. Clogging shoes are often black, white, or black and white, and generally have double taps or "jingle taps". There are four taps on each shoe, two on the toe and two on the heel. One is securely fastened to the shoe, while the other is more loosely fastened. **Contemporary:** A fusion of various styles while demonstrating a strong foundation in ballet and modern technique.

Folkloric: A number focusing solely on one's culture, heritage or traditions. The folkloric category usually consists of ethnic dancing.

Hip Hop: A style of street dance that is primarily performed to hip hop music. Hip hop is a culture rooted in urban social dancing and often calls for the dancer to freestyle (improvisation) and can include breaking, popping, locking, krumping etc..

Improv: The act of dancing without defining movement previously; the dancer does not know what he/she will execute or what music will be played, but rather moves spontaneously and freely, in opposition to composed dance.

Jazz: A technique whose roots are a blending of traditional Afro-Caribbean and classical dance performed to jazz music. This technique has evolved to incorporate various styles of dance and genres of music but still distinguishes itself by its musicality with an emphasis and strong accents and characterization.

Lyrical: A style of Jazz & Ballet technique demonstrating clean, classical lines while emphasizing emotional interpretation of the lyrics in the music.

Modern: A technique which stresses movement originating from the dancer's core/center (pelvis) and less emphasis on the legs and feet as the primary catalyst for movement as done in ballet. It is usually performed in bare feet. It employs such elements as contact-release, spiraling, floor work, fall and recovery, and improvisation.

Musical Theater: Any style that interprets a song from a Musical, Movie or Broadway show. Can involve (but not required) the dancer(s) lip-syncing the words to the music.

Open: A specific or combination of any style of dance including Lyrical, Jazz, Tap, Modern, Musical Theater or Contemporary. In some cases dancers may have one or more solos in the same style. In accordance to the guidelines dancers are only allowed to compete one solo per category, however the second solo can be competed in the Open Division.

Pom Pom: A cheer/drill team style category in which the performers dance with Pom Poms. Pom Pom routines primarily use jazz technique to upbeat music. Dances should demonstrate ensemble choreography with precision and sharp accurate arm movements so they can better show off their poms.

Production: A PrimeTime line number, which can incorporate students of all age divisions. These dances can be of any style; usually theme based, and includes props, stage props and sometimes backdrops that extend longer in duration than other routines. A Production must include 25+ performers.

Song And Dance: Any number that consists of the performers singing the music (live) and dancing.

Tap: A form of dance characterized by using the sound of one's tap shoes hitting the floor (or other surfaces) as a percussive instrument.
